2.2 Agenda:

- 1) Opening Remarks
- 2) *Presentation on Budgeting and Planning Framework:*
- 3) Presentation on Budget Performance
- 4) Presentation on Budget Proposals and Submissions
- 5) Plenary
- 6) Closing Remarks

2.3 BSK/05/25/09/25: Opening Remarks

The Town Clerk, Mr. George Mulenga welcomed and thanked all the Stakeholders present for taking time of their busy schedules to be part of the 2026 Budget Stakeholders Engagement meeting as it was a very important meeting and their presence was vital and highly appreciated.

He further emphasized the role of WDC structure in bridging the gap between the local authority and the community by providing a two-way first-hand information flow i.e. of community concerns on the ground, as well as providing feedback on the decisions and activities of the local authority to the community thus emphasizing the importance of the existence of the ward development committees.

The Town Clerk called for open and objective participation and provision of honest feedback in order for the council to develop a budget.

2.4 BSK/06/25/09/25 Presentation on Budgeting and Planning Framework: Presentation by Director City Planning

The Director City Planning made a brief presentation that explained the National planning and budgeting framework and spelt out the importance of planning and budgeting at District level whose role is to actualize national plans into physical project implementation with a positive impact to the development of the people. She additionally explained that one way this has been done is through the rolling out of the CDF programme.

She further enlightened the participants on the CDF scope, components and amounts and trends on CDF Implementation and how the performance had been the previous years; and the governments expectations as CDF was an Act of Parliament as a wider decentralization policy.

2.5 PLENARY

During the plenary session the Ward Development Committees expressed some of their concerns;

- The stakeholders wanted to know if all the Constituency Development Fund (CDF) projects that started in the year of 2024 had been completed and if not, what were the reasons behind the incompletion of those projects.
- Why does the council take a lot of time to implement after decisions were made.

Concerns raised were noted by the high table and responses were given accordingly.

2.6

PLENARY

During the plenary session the Ward Development Committees expressed some of their concerns;

- The stakeholders wanted to know if all the Constituency Development Fund (CDF) projects that started in the year of 2024 had been completed and if not, what were the reasons behind the incompletion of those projects.
- Why does the council take a lot of time to implement after decisions were made.

Concerns raised were noted by the high table and responses were given accordingly.

2.7 BSK/07/25/09/25 **Presentation on Budget Performance by Director of Finance**

A brief presentation by the Director Finance on the 2025 budget performance and the 2026 proposed budget.

PLENARY

The Director of Finance during the plenary session requested all stakeholder to engage fully and air out their submissions on how best the Finance department could come up with various streams of generation of revenue so that the Council could collect adequate revenue.

The following were the contributions from the Ward Development Committees (WDC'S):

- On revenue collection the WDC's did not know how to come in but with the platform now granted by the council they were more than interested to sign a Memorandum of Understanding between the WDC's and Ndola City Council and come up strategies on how best they could partner with council to generate revenue for the council.
- There were several revenue potential spots (Markets) in areas such as Kabushi and requested that the council could revamp

Program	Output Indicators	Target	Achieved/ Performance	Comments/Performance Attribution
3. Road Development and Maintenance	No. of Km of roads routinely maintained	20	15	The first phase of the works has been completed.
	No. of Km of rural access roads provided	20	14	6 km works outstanding. Implementation delayed due to the commitment of equipment to CDF roadworks
	No. of bridges periodically maintained	5	5	Completed
	No. of bridges constructed	1	1	The project is on-going at 90%
	No. of Km of culverts routinely maintained	30	30	Completed
	No. of culverts constructed	6	5	Works are on-going and on track
	No. of m ² of Potholes to be patched in the CBD	30	25	Achieved less due to transport challenges during the period under review
	No. of m ² of Potholes to be patched along main roads in townships	70	44	Pothole patching is on-going currently being done along Mwanawasa Road in Pamodzi
4. Road Safety Enhanced	No. of road signage installed	30	15	Works are on-going
	No. of road signage replaced	5	3	03 bent Signages were identified for replacement and successfully replaced

Kabushi market, raise a bus station and encourage bulk buying and selling of produce from there.

- Improving revenue collection by establishing more markets around the city because some market areas that already existed had been encroached such as Kakupepa market.
- Ensuring the towns were well planned especially those that had mines.

2.8 BSK/08/25/09/25 Presentation on Budget Proposals and Submissions by Director Engineering

2.9 Constituency Development Fund (CDF) Community Projects

As at 25th September, 2025, the status of the implementation of Constituency Development Fund (CDF) Community Projects stood as attached hereto as tabulated below.

Program	Output Indicators	Target	Achieved/ Performance	Comments/Performance Attribution

1X3 CLASS ROOM BLOCKS/SCIENCE LABS	No of Schools Constructed	5	3	3 projects are on-going and the 2 Other projects are at tender stage.
PROCUREMENT OF DESKS	No. of Desks Procured	1300	750	750 procured and the rest are still under Procurement process.
CONSTRUCTION OF MATERNITY ANNEX	No. of Maternity Annex Constructed and Clinics	3	2	2 are ongoing and 1 has been cancelled sine it is funded by an NGO (KFHI). Funds to be redirected towards construction of an OPD at the same premises

CONSTRUCTION PLACENTER PITS	No. of constructed Placenta Pits	1	0	To be changed to incinerator pending further engagement with MOH
--	-------------------------------------	---	---	--

2.10 PLENARY

- Appealed to the Engineering Department to stick the proposed and submitted projects especially for Mushili ward.
- The stakeholder was concerned about the proposed projects at Kapala market as it did not include council storage facilities and proposed that the remaining land at Kapalala market be used for the construction of the council storage facilities.
- Salaula traders to be permanently allocated in the market where they could mount permanent metal or concrete structures to avoid cases of fire in the near future as their temporal structures were mainly comprised of wood which were a contributing hazard and lurking disaster in a case of fire.
- Roads in Twapia were in bad state with broken culverts and pot holes as most the roads were used as diversions during the undergoing road works.
- An area was identified and inspected Itawa ward in 2022 but the Ward Development Committees (WDC'S) had concerned why the area was rejected and why the committees were not informed about it as the area was big enough.
- Mending of pot holes along Mwanawasa Road
- Chifubu road needed road rehabilitation.

2.11 BSK/09/25/09/25 2026 Proposed Capital Projects to Be Funded UNDER ZDSP:

Public Health

- Construction of an abattoir

Markets and bus Stations

D. Main Masala

- Resurfacing of main station and Kaloko route loading bay to bituminous standard or paving and Installation of solar lighting
