DDCC/28/09/2025/3 NATIONAL ANTHEM AND OPENING PRAYER

The meeting commenced with a National Anthem, and after that, an opening prayer was offered by Ms. Lwiza Chisola.

DDCC/29/09/2025/3 NOTICE OF MEETING

The notice convening the meeting was read by Mr. Mpembamoto, the District Planning Officer.

DDCC/30/09/2025/3 ADOPTION OF AGENDA

Upon a proposal by Mr. Mwalaba and duly seconded by Mr. Kalima, it was

RESOLVED THAT;

The agenda of the meeting be *ADOPTED*.

DDCC/31/09/2025/3 SELF INTRODUCTIONS

All the members introduced themselves.

DDCC/32/09/2025/3 APOLOGIES

Apologies were received from the following:

1. Mr. George Mulenga – attending to National Duties in Lusaka

DDCC/33/09/2025/3 CHAIRPERSON'S OPENING REMARKS

The Chairperson Ms. Precious Njekwa welcomed everyone to the meeting. However, she was quick to inform the house that she was extremely disappointed with the low turnout of members to such an important meeting. She lamented that the meeting was almost called off because the quorum had not been formed until she postponed the meeting for 30 minutes to allow for more members to be present. She reminded the house that staying away from DDCC meetings without sending any apologies to my Office would be perceived as undermining the Office of the President. She advised all Subcommittee chairpersons to ensure that their members are present at all times during the meeting as no reports would be received if their members were absent.

She further implored all members to fully participate in the deliberations emphasizing that their participation was key in ensuring that development is coordinated in the District. She officially declared the meeting open at 11:15hrs.

DDCC/34/09/2025/3 READING, CORRECTION AND ADOPTION OF MINUTES OF THE PREVIOUS MEETING

Having corrected the minutes, the Committee agreed to adopt them. Upon a proposal by Mr. Dackson Zulu and duly seconded by Ms. Carol Miti it was

RESOLVED THAT;

The corrected minutes of the DDCC meeting held on 22nd July, 2025 be ***ADOPTED***.

DDCC/35/09/2025/3 MATTERS ARISING FROM PREVIOUS MINUTES

Under Roads, Transport and logistics, Mr. Fred Lupunga asked the Committee when the actual road rehabilitation works of the 20.3km road

network in Ndola would commence since the groundbreaking ceremony which he was part off had already been done almost a week ago.

In response, the Director of Engineering Services Mr. Elias Mwalaba informed the house that the contractor AVIC had already mobilized and was about to start works on the Kabelenga to Kafubu Road, Zambia Breweries to Lowenthal and Vitanda Road. He further informed the house that the contractor would also work on the Kwacha Road starting from Kwacha round about to Chifubu local Court, also Petauke road to Provost and from Nortec to Kansenshi Road. He also mentioned that an addition of 4.1km would be done which include Chikokota, Chifumu, Towela road in Mushili/Kansengu market/ and Kabushi kaele Secondary school.

Furthermore, Mr. Mwalaba informed the Committee that 30 Kilometers of road works were earmarked for Ndola under the Lusaka - Ndola Dual carriage-way Project. He added that the 30km roads to be done by AVIC included Ndola Central SGC, Levy Mwanawasa Stadium road through CBU to NIPA about 2.2km, Ndeke to Chilanga road, Kaloko from Mushili Komando, with three constituencies expected to benefit significantly. Eng. Mwalaba informed the house that the Roads under Chifubu included Ndibu drive, Lumumba Road and the road leading to Chifubu new level one Hospital.

Mr. Lupunga also wanted to find out what District Disaster Management Unit (DDMU) had done concerning the affected Kapalala Marketeers whose commodities were gutted by fire and what efforts were being made to ensure that their depots were well secured to avoid such occurrences in future.

In response, the District Commissioner informed the house that her office being the Chairperson of DDMU Committee had visited the site together with the Provincial Disaster Coordinator and conducted an assessment and see how government can assist the affected Marketeers. In addition, Mr. Lupunga also informed the house that the office of the MP had handed over cash amounting to one thousand kwacha each (K1000.00), a bag of mealie-meal and a container of cooking oil to all the affected Marketeers.

Under matters arising, again the Ndola Central Professional Assistant Mr. Fred Lupunga expressed concern on the high pollution levels on Mwekera River.

In response to the concern, Zambia Environmental Management Agency (ZEMA) reported that an inspection was done and only the ZEMA Manager

could give a comprehensive report on the matter because the affected part of the mine which is causing the pollution is on the Congo side, were ZEMA had no jurisdiction.

The Chairperson, DC also urged secretariate that a follow up should be done on Judiciary concerning attendance and that a letter of complaint be issued.

	No. of children and adolescents assisted through community case management	Social Welfare - DSWO	30	30	Supported by the CWAC members in the community
8. Migration Services	No. of victims/survivors of Human Trafficking provided with protective services	Social Welfare - DSWO	0	0	
	No. of immigrants recorded quarterly	Immigration Department			

After the presentation of the report by the sub-committee chairperson, members scrutinized and gave their views. First, it was noted with concern by Ms. Doroth M. Kababa the Director of City Planning as to why most of the targets in their report were blank but managed to indicate the achieved performance. She also sought clarity from the DEBS as to whether the reported twenty-four (24) Classroom blocks under CDF were from the

PLGO's total approved for 2025 or from their strategic plan and if so, whether the Ward Development Committees (WDCs) were engaged to ensure that all critical committees such as the CDFC were involved.

In response to the first concern on targets, Dr. Lilian Nyendwa informed the committee that their reporting system could only capture activities that were done up to the 2nd quarter as the 3rd quarter was not yet done, hence the blanks in the targets. She further added that the department was still implementing activities since the quarter had not finished and would only give a full report by mid-October, 2025.

The Chairperson concluded that planners be sent from Education and Health in order to be guided on how to report in regard to the two (2) concerns raised.

DDCC/39/09/2025/3 ECONOMIC TRANSFORMATION AND JOB CREATION SUB COMMITTEE REPORT

The report was presented by the Sub-committee Chairperson Mr. Dackson Zulu, the District Fisheries and Livestock Coordinator. He began his presentation by highlighting the composition of his committee which comprised members from Agriculture, Fisheries and Livestock, Tourism, Ndola City Council, Chamber of Commerce, RDA, Zambia Railways, ZESCO, Department of Housing and Infrastructure Development among others. The performance of the programmes under the cluster in the second quarter was as presented in the table below:

DEVELOPMENT OUTCOME 1: AN INDUSTRIALISED AND DIVERSIFIED ECONOMY

STRATEGY 1: IMPROVE AGRICULTURAL PRODUCTION AND PRODUCTIVITY

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
1. Infrastructure Development	No. of hatcheries and nurseries rehabilitated in GRZ Fish Farms	Fisheries & Livestock	-	-	No rehabilitation done as the District had no GRZ fish farm.

	No. of GRZ Fish farms established	Fisheries & Livestock	1	-	Resources needed to establish one
	No. of livestock service centres built	Fisheries & Livestock	1	0	Need to identify land and secure resources
	No. of Livestock breeding centres rehabilitated	Fisheries & Livestock	0	0	No livestock breeding Centre in the district
	No. of Milk Collection Centres constructed	Fisheries & Livestock	1	0	One site identified in Minsundu. Resources not available
	No. of livestock slaughter facilities constructed	Fisheries & Livestock	1	0	Need to identify land and resources
	No. of Abattoirs constructed/rehabilitated	NCC – Public Health	1	0	Need identify land and secure resources
	No. of camp staff houses constructed	Agriculture, Fisheries & Livestock	1	0	Need to identify land
	No. of camp staff houses rehabilitated	Agriculture, Fisheries & Livestock	3	2	The Madando and Munkulungwe Camp houses have been rehabilitated
2. Irrigation Development	No. of Irrigation infrastructure/facilities constructed	Agriculture - DACO	2	1	1.5km of the main furrow with a Steady supply of water used for irrigation
	No. of irrigation schemes fully operational	Agriculture - DACO	1	1	Steady supply of horticultural crops to the town of Ndola
	No. of Hectares under Irrigation (Ha)	Agriculture - DACO	25	321.02	This is the size of land put to use by both small scale farmers and commercial farmers.

	No. of small Earth dams Constructed	Agriculture - DACO	0	0	
	Land brought under irrigation (Hectares)	Agriculture - DACO	10	15	Hectares bound to increase in size with time
3. Climate Smart Agriculture Promotion	Hectares of land under Climate Smart Agriculture	Agriculture - DACO	850	320	Adoption levels are still low however, sensitizations are being intensified where area and number of farmers adopting climate smart agricultural technologies is expected to increase. Also with the opening of an Ethanol plant in Luanshya, more farmers are expected to go into cassava production, which is a drought tolerant crop
	Hectares of land under conservation agriculture (Ha)	Agriculture - DACO	450	170	
	No. of farmers using drought tolerant crop varieties	Agriculture - DACO	1700	520	
	No. of Climate Smart Technologies Developed and Commercialised	Agriculture - DACO	4	3	The technologies commercialized include Crop Diversification, Drip irrigation, Agroforestry, Minimum tillage and mulching, and this was mainly done during shows.
4. Agricultural Mechanization	No. of small-scale farmers who own tractors with implements	Agriculture - DACO	40 (at least 10 farmer s/Bloc k)	36	The majority of the farmers cannot afford, unless when they are able to get SAFF Loans under the Mechanization component.
	No. of small-scale farmers who own animal draught power	Agriculture - DACO	34 (at least 2 farmer s/Cam p)	11	Lack of an ADP Officer to train the oxen

	No. of small-scale farmers who own Post harvesting and processing equipment	Agriculture - DACO	17 (at least 1 farmer/ Camp)	14	These include among others, peanut butter making machine, shellers, blenders, etc
	No. of small-scale farmers accessing tractor mechanization services	Agriculture - DACO	36	36	A total of 36 farmers own tractors in the district.
	No. of small-scale farmers accessing mechanization fund (SAFF)	Agriculture - DACO	300	-	No farmer has applied for mechanization loan under SAFF so far.
5. Farmer Input Support	No. of beneficiary farmers accessing inputs under FISP	Agriculture - DACO		8,109	The number of beneficiaries has been the same despite the growing number of cooperatives/farmers in need of the subsidized inputs
6. Fisheries and aquaculture development	Quantity of fish under aquaculture produced (MT)	Fisheries & Livestock – DF&L Coord.	1,000	3,360	
	Proportion of fish farmers accessing fingerlings from Certified Hatcheries (%)	Fisheries & Livestock	100	94	
	Quantity of fingerlings produced per quarter	Fisheries & Livestock	100,000	100,000	Privately owned fish farms
	No. of youth cooperatives participating in aquaculture	Fisheries & Livestock	1	3	3 youth cooperatives have come on board and are participating in aquaculture

	No. of enforcement patrols conducted per year	Fisheries & Livestock	-	-	
	No. of fingerlings stocked	Fisheries & Livestock	50,000	29,000	Off season for fingerling production
7. Livestock Development	No. of livestock vaccinated (Dogs)	Fisheries & Livestock	1,000	161	Yet to carry out mass vaccinations
	No. of animals branded/marked for identification	Fisheries & Livestock	5	0	No applications for branding were submitted during the quarter under review.
8. Extension Service Support	No. of extension officers recruited (Fisheries/Livestock/Agriculture)	Agriculture, Fisheries & Livestock	0	0	We have not received any new recruited extension officer despite having a vacant in one camp.
	No. of motorbikes purchased	Agriculture, Fisheries & Livestock	21	10	10 new motorbikes were received against 17 agricultural camps and 4 blocks
	No. of training materials prepared	Agriculture, Fisheries & Livestock	4	4	4 training materials have been developed despite lack of available resources to administer these training materials
	No. of field visits/backstopping field visits (Fisheries/Livestock/Agriculture)	Agriculture, Fisheries & Livestock	68 (Agriculture) 49 (Fisheries & Livestock)	34 (Agriculture) 43 (Fisheries & Livestock)	34 visits have been conducted so far, 17 in the first quarter and the other 17 in the second quarter.
9. Farm block and Resettlement	Kilometres of roads in farm blocks rehabilitated	RDA/NCC - DE	NIL	NIL	

schemes development	No. of Farms/ farm blocks electrified	ZESCO/REA	NIL	NIL	
	No. of bridges rehabilitated in the farm blocks	RDA/NCC - DE	NIL	NIL	
	No. of boreholes drilled in Farm blocks/Resettlement Schemes	Water Affairs	NIL	NIL	

STRATEGY 2: PROMOTE TRADITIONAL AND NON-TRADITIONAL MINERALS

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comment/Performance Attribution
1. Artisanal and small-scale mining development	No. of mining cooperatives registered	Registrar of Societies			

STRATEGY 3: PROMOTE VALUE ADDITION AND MANUFACTURING

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comment/Performance Attribution
1. Value chain development	No. of farmers trained in processing	Agriculture – DACO/Trade and Commerce/SME	850 (50 farmers/Camp)	100	Limited resources hinder target achievement
	No. of farmers trained in packaging	Agriculture – DACO/Trade and Commerce/SME	850 (50 farmers/Camp)	100	Limited resources hinder target achievement
	No. of cooperative	Agriculture – DACO/Trade	350	2 (Chimabunga)	The majority of cooperatives are FISP

	s trained in processing and packaging	and Commerce/SME		and Osha Women Cooperatives)	oriented and not business oriented
	No. of cooperative s trained in processing and packaging of fish	Agriculture, Fisheries & Livestock	1	10	10 fisheries and aquaculture cooperatives were trained in fish value addition under the Women and Youth Economic Empowerment in fisheries through Inclusive Market Access (WYEEFIMA) Project
2. Skills Training	No. of youths trained from Skills Centres and TEVET Institutions	NCC-Planning/Housing, TEVETA	200	262	Additional sponsorship /funding from TEVETA

STRATEGY 4: PROMOTE TOURISM GROWTH

Programme	Output Indicators	Responsible Institution	Target	Achieved/Performance	Comments/Performance Attribution
1. Tourism Infrastructure development	No. of heritage sites developed/rehabilitated	Tourism/Heritage commission			
	No. of Government Hotels developed/rehabilitated	Ministry of Tourism			
	No. of private hotels/lodges developed	Ministry of Tourism			

	No. of kilometres of access roads to tourist sites rehabilitated and maintained	Ministry of Tourism/RDA			
	No. of Museums rehabilitated	Ministry of Tourism			
2. Tourism promotion and marketing	No. of tourism exhibitions conducted	Ministry of Tourism			
	No. of local visits to tourism sites	Ministry of Tourism			
	No. of international visits to tourism sites	Ministry of Tourism			
	No. of Tourism and Hospitality Licenses issued	Ministry of Tourism			
3. Sports, Arts and Culture (sport)	No. of Organised Art/cultural events held	NCC - Housing			
	No. of cultural dance groups registered	NCC - Housing			
	No. of Athletes participating in organised sport tourism events	NCC - Housing	100	234	Under targeted during mapping activity participants turned up in large numbers.
	No. of Constituencies supported with sports equipment	NCC - Housing	30	10	Distribution of sports equipment still going- on

STRATEGY 5: IMPROVE TRANSPORT AND LOGISTICS

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
1. Road Development and Maintenance	No. of km of roads routinely maintained	RDA/NCC-Engineering			
	No. of Km of roads periodically maintained/rehabilitated	RDA/NCC-Engineering			
	No. of km of rural access roads provided	RDA/NCC-Engineering			
	No. of bridges periodically maintained	RDA/NCC-Engineering			
	No. of bridges constructed	RDA/NCC-Engineering			
	No. of culverts routinely maintained	RDA/NCC-Engineering			
	No. of culverts constructed	RDA/NCC-Engineering			
2. Road Safety Enhanced	No. of road signage installed	NCC-Engineering/RATSA			
	No. of road signage replaced	NCC-Engineering/RATSA			
	No. of Road Traffic Accidents recorded	RATSA/ZP			
	No. of sensitizations	RATSA/ZP			

	conducted on road safety				
	No. of provisional licenses issued	RATSA			
	No. of driving licenses issued according to class. (A, A, C, C1 etc.)	RATSA			
	No. of road safety patrols conducted	RATSA/ZP			
3. Inland Water Development and maintenance	Kms of Canals/streams/rivers dredged	NCC - Engineering			
	No. of dredgers operational	NCC - Engineering			

STRATEGY 6: ENHANCE GENERATION, TRANSMISSION AND DISTRIBUTION OF ELECTRICITY

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
1. Electricity generation, transmission and distribution	Total generation capacity (Ndola Energy)	ZESCO			
	No. of substations constructed	ZESCO			
	No. of substations maintained/rehabilitated	ZESCO			
	No. of transformers installed	ZESCO			
	Total transmission Substation's capacity	ZESCO			
	No. of households connected on the National Grid	ZESCO			

	No. of hours of electricity supply to consumers (Domestic and Commercial)	ZESCO			
2. Energy Efficiency Promotion	No. of households implementing the reverse metering for solar power	ZESCO			
	No. of solar installations/connections to households inspected and certified.	ZESCO			
	Percentage reduction of households using charcoal	ZESCO			

STRATEGY 7: ENHANCE THE MANAGEMENT OF PETROLEUM PRODUCTS

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
1. Petroleum Pricing and Supply Management	No. of Private Sector companies in petroleum procurement (%)	ERB/INDENI			
	No. of filling stations operational	ERB			
	No. of filling stations constructed	ERB			
	Total fuel storage capacity of District	INDENI/TAZAMA			

	Total litres of fuel collected by tankers for distribution	INDENI/TAZAMA			
--	--	---------------	--	--	--

STRATEGY 8: Enhance Management and Productive Use of Water Resources

Programme	Output Indicators	Target	Achieved/ Performance	Performance Attribution
1. Water Resources Mapping	Number of Water Resources Maps Produced	10	10	Availability of engineering software applications and technical staff

DEVELOPMENT OUTCOME 2: ENHANCED CITIZENRY PARTICIPATION IN THE ECONOMY

STRATEGY 1: PROMOTE LOCAL AND DIASPORA PARTICIPATION IN THE ECONOMY

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
1. SMEs and Cooperatives participation in Economy	No. of Cooperatives registered with business registration requirements	Registrar of societies			
	No. of vulnerable youth accessing grants for economic activities	SME			

STRATEGY 2: PROMOTE ENTERPRISE DEVELOPMENT

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Comments/Performance Attribution
-----------	-------------------	-------------------------	--------	--------------------------	----------------------------------

1. Small and Medium Scale Enterprises Development	No. of MSMEs compliant with business registration requirements	MSMEs	5	19	Most businesses are compliant with business registration
	No. of annual returns filed	PACRA			
	No. of business names registered	PACRA			
	No. of companies registered	PACRA			
	No. of MSMEs trained in productivity improvement	MSMEs	4	11	Women in mining workshop was held in Kitwe and six SMEs from Ndola participated
	Percentage of Youth servicing the loans (Empowerment Funds)	CEEC/NCC - Planning			
	No. of businesses accessing Empowerment funds	CEEC/NCC - Planning

DDCC/40/09/2025/3 ENVIRONMENTAL SUSTAINABILITY SUB-COMMITTEE

The report was presented by the Subcommittee Chairperson Ms. Carol Miti, who is the District Forestry Officer. The performance of the programmes under the Environmental Sustainability cluster was as shown in the table below.

DEVELOPMENT OUTCOME 1: Enhanced Mitigation and Adaptation to Climate Change

STRATEGY 1: Strengthen Climate Change Adaptation

Programme	Output Indicators	Responsible Institution/department	Target	Achieved/Performance	Comment/Performance Attribution
1. Long-term adaptation planning	# of Ha of pine plantation managed	Forestry	100	100	Available resources
	# of seedlings raised at the nursery	Forestry	50,000	80,000	Available resources
2. Nature-based solutions	# of Ha of natural regeneration of trees at Mwekera stream source	Forestry	200	200	Natural regeneration
3. Sustainable land, forest and water management	# of forest reserves managed	Forestry	6	6	Resources
	# of Hectares of degraded land from mining restored	ZEMA			
4. Institutional Framework Strengthening	# of functional Environmental Information Management System established	ZEMA			
5. Climate Change Mainstreaming	# of Green Economy and Climate Change sector Mainstreaming Guidelines developed	ZEMA			
	# of Standard Operating Procedures for climate services in place	ZEMA			

STRATEGY 2: Strengthen Climate Change Mitigation

Programme	Output Indicators	Responsible Institution/ department	Target	Achieved/ Performance	Performance Attribution
1. Sustainable Forest Management	# of blitz patrols conducted	Forestry	2	2	Available resources
2. Pollution prevention and control	# of Pollution Hot Spot Areas identified, mapped and updated quarterly	ZEMA			
	# of submitted Environmental Impact Assessments reviewed	ZEMA			
	# of received Environmental Impact Assessments reviewed (EPB/EIA)	NCC – DCP (Environmental Section)	13	12	The section received lesser number of EPBs from ZEMA than anticipated during the period under review.
	# of compliance inspections conducted to licensed facilities	ZEMA			
	Percentage Compliance to Environmental Standards	ZEMA			
3. Technology Development and Transfer	# of Climate Change Mitigation Technologies Developed	ZEMA			
4. Green and Renewable energy	# of renewable energy and alternative energy projects implemented	ZEMA			

DEVELOPMENT OUTCOME 2 – Sustainable Environment and Natural Resources Management

STRATEGY 1: Promote Integrated Environmental Management

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Performance Attribution
1. Pollution prevention and control	# of tree nurseries managed	Forestry	1	1	Limited resources
	# of Monitoring Ambient air, soil and water quality assessments undertaken	ZEMA			
	Tonnage of solid waste collected and recycled	NCC – Public Health	N/A		no information available at the moment
	Tonnage of household waste collected and disposed off at authorized disposal facility	NCC – Public Health	20,000	14,100	Limited availability of equipment for waste collection
	# of environmental awareness and capacity building programmes undertaken	ZEMA			
2. Chemical and Waste Management	Tonnage of Ozone depleting substances (R 22, HCFC2) consumed	ZEMA			
	# of licenses issued to entities dealing in Highly Hazardous Pesticides (HHPs)	ZEMA			
	Tonnage of collected electrical and electronic waste that is recycled	ZEMA/ Public Health	-	-	-

3. Environmental Compliance Tracking	# of facilities complying to environmental laws and regulations				
4. Urban and Regional Planning	# of Local management plans for protected areas developed	Forestry	1	0	No resources
	# of Urban/Layout Plans Prepared	NCC – Planning Department	07	07	

STRATEGY 2: Enhance Natural Resources Management

Programme	Output Indicators	Responsible Institution	Target	Achieved/ Performance	Performance Attribution
1 Sustainable land and forest management	# of forest reserves managed	Forestry	6	6	On target
	# of Ha of forests Planted	Forestry	0	0	Planted in first quarter
	# of trees Planted	NCC – DCP (Environmental Section)	35	35	For 3 rd quarter the department did not plant any trees because it is not a planting season but we have prepared enough nurseries at the council garden in Kanini ward. All the remaining trees to be planted in the 4 th quarter.
2. Water catchment protection and conservation	# ha of Mwekera stream source conserved	Forestry	200	20	Limited resources

DEVELOPMENT OUTCOME 1: Enhanced Mitigation and Adaptation to Climate Change

STRATEGY 1: Strengthen Climate Change Adaptation

Programme	Output Indicators	Responsible Institution/Dpt.	Target	Achieved/Performance	Performance Attribution
1. Climate Smart Agriculture Promotion	Hectares of land under Climate Smart Agriculture	Agriculture	850	320	Adoption levels are still low however
	Hectares of land under conservation agriculture (Ha)	Agriculture	450	170	sensitizations are being intensified where area and number of farmers adopting climate smart agricultural is expected to increase
2. Nature-based solutions	No. of farmers using drought tolerant crop varieties	Agriculture	1700	520	Adopting climate smart agricultural technologies is expected to + increase b
	No. of climate smart Technologies developed and commercialized		4	3	For second quarter an additional 15 Ha is for horticultural crops under climate smart agriculture

STRATEGY 3: Enhance Disaster Risk Reduction and Response

Programme	Output Indicators	Responsible Institution/Dept.	Target	Achieved/Performance	Comment/Performance Attribution
1. Disaster Preparedness and Mitigation	Disaster preparedness and mitigation system developed	DMMU	01	01	The presence of the Satellite Disaster Management committees in the wards and the District Disaster

					Management committees.
	Number of District Disaster Preparedness plans developed	DMMU	01	01	The district preparedness plan is updated annually. Therefore, the current plan is subject to changes after the rain season during which hazards are identified
	Annual of District Maize reserves (Metric tonnes)	DMMU			
	Number of satellite committees formed	DMMU	30	30	only 21 are active currently, with an inclusion of Kantolomba SDMC .
	Number of satellite committees monitored	DMMU	30	30	
	Number of functional satellite committees trained in Community Based Disaster Risk Management (CBDRM)	DMMU	02	02	Kaniki and Kantolomba SDMCs were trained during the second quarter.
	Number of districts implementing Climate and Disaster Resilience programmes	DMMU			
	Number of district hazard, vulnerability and capacity maps developed	DMMU	01	01	

	Number of Climate and Disaster Resilience programmes implemented from CBDRM Action plans	DMMU	01	01	A capacity building program on the utilization of the CDF 5% Disaster utilization to building resilience was attended. Training of Kaniki and Kantolomba SDMCs was successfully conducted to build capacity for response to climate change related change incidents.
2. Disaster Response and Recovery	Number of District Incident Management Systems established	DMMU	01	01	No disaster or emergency incidents were recorded in the second quarter.
	Number of critical infrastructures constructed with Build Back Better (BBB) principles	DMMU	08	07	Kabushi Constituency (04 Projects) a. Dambo blown off roof b. Drainage of Chiwala road c. Drainage in Copperland d. Rehabilitation of Kwabunga Bridge
	Proportion of vulnerable households receiving humanitarian relief assistance	DMMU			
	Proportion of households whose livelihoods are rehabilitated	DMMU			
	Number of In-depth vulnerability	DMMU			

	assessments conducted				
	Number of rapid vulnerability assessments conducted	DMMU	01	01	
	Number of DMMU Committee meeting held	DMMU	01	01

DDCC/41/09/2025/3 CLOSING REMARKS/PRAAYER

In her closing remarks, the chairperson thanked all members for attending the meeting and emphasized the importance of people knowing which cluster or subcommittee they belonged to and that secretariate should ensure everyone took keen interest in attending these meetings. She further reminded the members to observe time so that the meeting would start on time once everyone was present.

The meeting ended at 15:30 hours after members sang the National Anthem and a closing prayer from Mr. Elias Mwalaba, the Director of Engineering Services at NCC.

Signed in accordance with the Resolutions of the District Development Coordinating Committee Meeting Held on 24th September, 2025.
