The Application for 50% remission of rates and revaluation of plant and machinery by Indeni Energy Company be ***Referred*** back to the Finance, Valuation and Commercial Undertakings Committee for detailed consideration.

REPORT OF THE TOWN CLERK

OC/211/06/2024

DEMAND FOR AMICABLE SETTLEMENT OF THE MATTER REGARDING ALLOCATION OF SUBDIVISION TO ECO PETROLEUM ZAMBIA LIMITED ON STAND NUMBER 1346 (KWACHA GROUNDS) – MESSERS WINTER KABIMBA AND COMPANY

The Town Clerk reported to the Council that Messers Winter Kabimba and Company had written a letter of demand requesting the Council to consider

settling the above stated matter amicably other than the parties dragging each other to court. According to the letter, the legal firm contended that their client was duly approved by the Council for allocation of a subdivision number H on stand number 1346 in May 2021 and that the Council received **K495, 000.00** in consideration of the transaction. Notwithstanding the public objections and the application made in 2023 and 2024 to the Minister to approve change of land use on the same stand, the Law Firm contended that the Council ought to fulfil its obligation of allocating the stand to ECO Petroleum Limited on the grounds that the internal legal processes and procedures which the Council must observe, should not negatively affect their client.

Management advised that ECO Petroleum Zambia Limited through their lawyers be engaged with a view of offering alternative vacant stand which can be scouted along one of the main roads in the city. The letter from Winter Kabimba and Company was attached.

Upon a proposal by Councillor Evalisto Banda and duly seconded by Councillor Simon Muleba, it was:

RESOLVED:

That an alternative vacant stand along one of the main roads in the city be found for ECO Petroleum Zambia Limited and that the proposal be given to Messers Winter Kabimba and Company to settle the matter amicably given the fact that members of the public in thousands objected to change of land use on Stand No. 1346 being the sports ground.

OC/212/06/2024

SURRENDER OF TWO HECTARES OF LAND ENCROACHED BY SQUATTERS – NCC- HENAN GOUJI INDUSTRY GROUP COMPANY LIMITED

The Town Clerk reported to the Council that the above stated company which was established as a joint venture had numerous land wrangles with the public who had been encroaching on the company land. Further, the shareholders had no proper settlement of concerns for quite some time leading to members of the public voicing out that the Council had no benefit in the whole transaction that was entered into as a joint venture. It was common knowledge that the investigative wings of Government also moved in to investigate the joint venture and findings were yet to be reported to relevant authorities.

The company Board of Directors passed a resolution on Saturday, 18th November, 2023 to approve company management recommendation to release two hectares of the encroached land to Ndola City Council for planning and distribution to the public who were in fact squatters on the same land. The communication was made to the Council on Tuesday, 2nd January, 2024 and from that period to date management of the Council had been trying to pick details of the land in question and the details of the squatters on the land. The exercise had been received with back lashes by the squatters who were shown the land by people without authority but had intentions to scare and disturb the company's development in the area. Management advised that one of the solutions could be: -

1. Forcefully remove the squatters from the land in order to plan and allocate to interested developers competitively, or,
2. Undertake a social survey to pick details of the squatters with a view of planning and regularizing their allocation on the same land

Upon a proposal by Councillor Andronicus Pyoka K Ngulube and duly seconded by Councillor James Banda, it was:

RESOLVED:

- i. That the undertaking of a social survey to pick details of the squatters with a view of planning and regularizing allocation on the same land be **Approved.**
- ii. Once conducted, the social survey report be tabled before the council for Consideration.

OC/213/06/2024

ADOPTION OF THE IMPROVED GENERIC SERVICE CHARTER FOR CITY COUNCILS AS DRAFTED BY MINISTRY OF LOCAL GOVERNMENT AND RURAL DEVELOPMENT

The Town Clerk reported that the Ministry of Local Government and Rural Development embarked on training and capacity building of local authorities in the country to formulate service charters graded for Cities, Municipalities and Town Councils. The exercise which started in 2023 resulted in the Ministry producing the draft improved generic service charters. Councils were directed to localize and adopt the service charters with a view of strict adherence to the standards set. Management therefore presented a copy of the service charter for cities for purpose of adoption by the Council.

On a proposal by Councillor Katongo Kampamba and duly seconded by Councillor Evalisto Banda, it was:

RESOLVED:

That the improved generic Service Charter for City Councils as drafted by the Ministry of Local Government and Rural Development be **Adopted** with amendments that Management observed to be ideal for Ndola City Council as presented to the Council.

OC/214/06/2024 THE SITE VISIT TO STAND NOS. LN-1004539/1, LN-1004539/2 AND ONE OTHER TITLED TO SEMHAR INVESTMENTS LIMITED – NDOLA DISTRICT

The Town Clerk reported that He was in receipt of a site visit report to the said stands from the Permanent Secretary Copperbelt Province dated Thursday, 13th June, 2024 wherein a combined team of technocrats from the Provincial Administration, Physical Planning Department as well as officers from Ndola City Council undertook a thorough assessment of the site where the above stands were located. The said report suggested that where Semhar Investment Limited intended to construct shops, following a building permit from Ndola City Council to do so, was not suitable for the proposed development and thus should be offered an alternative piece of land if Council deemed it fit. Furthermore, the inspection was made in the wake of several complaints received from members of the public. It was recommended that Semhar Investments Limited be offered an alternative Commercial Plot.

Upon a proposal by Councillor Gilbert Chota and duly seconded by Councillor Evalisto Banda, it was:

RESOLVED:

That the site visit report to stand nos. LN-1004539/1, LN-1004539/2 and one other titled to Semhar Investments Limited – Ndola District be **Referred** to the Planning and Information Management System for detailed study on how the stands were created and which institutions processed the same before alternative plot could be considered.

OC/215/06/2024 REQUEST FOR ADVANCE PAYMENT OF K600, 000.00 IN RESPECT RATES PAYABLE FOR SECOND HALF OF 2024 AND APPLICATION FOR DISCOUNT OF 11.67% (WILMAR INDUSTRIES ZAMBIA)

It was reported by the Town Clerk that in a quest to collect money meant to build up salaries for month of June 2024, management engaged a number

of rate payers to request for advance payments on their accounts for the rates payable in second half of the year 2024. The rate payers could pay between the period July and December 2024 and in an event that the rates remained outstanding, Council could enforce recovery of rates using available legal means in the law.

Wilmar Industries Zambia had requested for a discount of 11.67% in order to favourably respond to the Council management's request for advance of K600,000.00 to be paid by Friday, 28th June, 2024 meant for the second quarter of 2024. It could be treated as remission of rates pursuant to section 22 of the Rating Act No. 21 of 2018 upon payment of remaining 88.33% interpreting to receiving K530,000.00 and discounting K70, 000.00. Management sought Council ratification to collect the money in order to buildup on the monies so far receipted towards payment of salaries and wages for June 2024. Attached were correspondences between the Council and Wilmar.

On a proposal by Councillor James Banda and dully seconded by Councillor Kabwebwe Ntambo, it was:

RESOLVED:

- i. That the request for advance payment of K600, 000.00 in respect of rates payable for second half of 2024 and application for discount of 11.67% by Wilmar Industries Zambia be Ratified and treated as remission of rates.
- ii. An advert be made to the companies that were due to pay rates to the Council for attraction to pay by a date Management set in order to be given discounts.

There being no other business to transact, the meeting ended at 18:05 hours and thereafter the National Anthem was sung followed by a closing prayer from Mr. Jonathan P. Simbeya, the Director of Housing and Social Services.

Signed in accordance with the Resolutions passed by the Meeting of the Ordinary Council
held on Friday, 28th June, 2024
