CHAIRPERSON'S OPENING REMARKS

The Chairperson Mr. Joseph Phiri, thanked everyone for coming through to attend the meeting despite their busy work schedules. He encouraged everyone to participate in the proceedings of the meeting. The District Commissioner emphasized the need for teamwork stating that; no Department could succeed single handed but by incorporating and collaborating with other Departments and Institutions. The Chairperson also thanked Ndola City Council for starting the meeting on time and declared the meeting officially open.

DDCC/05/04/2025/2

READING, CORRECTION AND ADOPTION OF THE MINUTES OF THE PREVIOUS MEETING.

The minutes of the previous meeting were read, corrected and adopted upon a proposal by Mr. Dackson Zulu and duly seconded by Mr. Elias Mwalaba.

DDCC/06/04/2025/2

MATTERS ARISING FROM THE PREVIOUS MINUTES

A concern was raised on the publication of the Integrated development Plan (IDP) and in response, the Town Clerk explained that due to the cost involved in the printing of the document, to assist the Councils, the Ministry of Local Government and Rural Development allowed the Local Authorities to publish the document on their Websites and a soft copy was also available which could be obtained from the DDCC Secretariate in the Planning Department.

Another concern was raised by the Director of Public Health regarding the report presented by the District Health Director as to why there was only a focus on HIV/AIDs while there were other diseases like Diabetes, TB and other diseases. In response, the District Health Director informed the house that the focus was based on the HIV/AIDS policy of 95 – 95 - 95 as such it was quite difficult to shift the focus. However, the Town Clerk added that it was an oversite that the focus by the subcommittee was mainly on HIV/AIDs and advised that the committee should review the focus and take a broader approach of wellness.

PRESENTATION OF REPORTS FROM SUB COMMITTEES OR CLUSTER CHAIRPERSONS

DDCC/07/04/2025/2

ECONOMIC TRANSFORMATION AND JOB CREATION SUB-COMMITTEE REPORT

The report was presented by Mr. Dackson Zulu, the Sub-committee Chairperson. Mr. Zulu informed the House that the Economic Transformation and Job Creation agenda was a key Strategic Development Area of the Eighth National Development Plan (8NDP) and was aimed at facilitating trade and increased investment by the private sector to increase production, value addition and diversification of goods and services. He informed the House that the key drivers to this agenda included agriculture, mining, tourism, and manufacturing sectors, supported by strategic interventions in the energy, transport, and water development sectors.

He further informed the House that the report covered the performance of key responsible institutions towards achieving the goals of the Eighth National Development Plan during the first quarter of 2025 in Ndola District as was presented in the table below:

After the report was presented, a question was raised on how many Livestock Hub/Centers were in Ndola and if there were any efforts to secure land for the hub.

In response, the District Fisheries and Livestock Coordinator informed the Committee that the current Hub could not be used because people had settled near the Hub and that the Department could not keep animals where people had settled due to the fact that animals sometimes carried diseases.

Another question was also asked by a member of the committee what was meant by Climate Smart Agriculture. In response, The District Agriculture Coordinator informed the house that these were techniques and methods that are employed in Agriculture in response to the changing climate while ensuring that minimum damage was done to the land, for example Conservation Farming.

A concern was also raised on what led to the poor performance in dog vaccination and what activities had been put in place to improve this performance.

In response, Mr. Zulu stated that the target was for the whole year but what was presented was for the quarter under review and as such was seen to be poor performance.

Going forward it was recommended that the Department of Fisheries and Livestock works with Public Health to do dog registration as vaccination was being done by Fisheries and Livestock Department.

*The report was **NOTED***

CHAIRPERSONS CLOSING REMARKS

The Chairperson thanked the august house for making time to attend the meeting, while emphasizing on the spirit of oneness and made mention that such meetings created a platform for learning and assessing how each institution was performing in its duties and targets. He further emphasized on the importance of communication, and the need to communicate to the committee members on time as it would help them prepare for the meeting adequately. He also discouraged the secretariate not to depend so much on WhatsApp communication as it was not an official means of communication since not everyone could be assumed to have a smart phone. The chairperson advised that all invitation letters delivered to DDCC stakeholders should be signed by the recipient in order to acknowledge receipt so as to avoid excuses of not being communicated to on time.

DDCC/12/04/2025/2

CLOSING PLAYER

After the closing remarks, a closing prayer was offered by Eng. Mwalaba, the Director Engineering Services. The meeting officially closed at 13:50hrs
