REPORT OF THE TOWN CLERK

SPC/262/04/2025 REQUEST TO MAKE CORRECTIONS REGARDING MEMORANDUM OF UNDERSTANDING (MOU) TO BE SIGNED BETWEEN AVIC INTERNATIONAL ZAMBIA AND NDOLA CITY COUNCIL - PIECE OF LAND BORDERING MASAITI DISTRICT

The Town Clerk reported to the Council that at the last meeting of the Council held on **31/03/2025** the above captioned subject matter was reported for the decision of the Council in respect of making corrections in the records of the Council with regards to the hectarage and name of the Company with which Ndola City Council needed to sign a Memorandum of Understanding (MOU). Further reference was made to resolution number

SPC/240/2024 of 2nd December 2024, where the Council made decision to sign Memorandum of Understanding with AVIC International Zambia. The position was that AVIC International Zambia wanted Ndola City Council to make corrections on record before the Memorandum of Understanding could be signed. He further reported that he had reproduced copy of his last report to the council for reference by members of the Council. AVIC International Zambia representatives were also invited so that clarifications could be sought from the Company.

THE COUNCIL IN COMMITTEE

On a motion moved by Councillor Andronicus Pyoka K. Ngulube and duly seconded by Councillor Simon Muleba, it was

RESOLVED: that;

In accordance with Standing Order No. 29 (4), the Council do **Resolve** itself into Committee of the whole Council in order to debate on the report presented to Councillors extensively. The officials from AVIC International were then invited in the meeting to make a presentation and clarify on their application.

PRESENTATION BY AVIC REPRESENTATIVES

His Worship the Mayor, introduced the members of the Council to Mr. Dimas Musonda, Business Manager and Mr. Bo Zhan, Project Manager both from Unipeak Construction Company LTD a department of AVIC International Zambia LTD. During his presentation, Mr. D Musonda in responding to questions which were raised by the members of the council who wanted to know the reasons or the use of land the company had applied for which was covering the extent of 57 hectares, he informed the council the brief background of Unipeak Construction Company LTD as a department of AVIC International Zambia LTD and that AVIC was constructing the Ndola- Lusaka dual carriage way and had divided the project into four (4) departments. The fourth department was Unipeak Construction Company LTD which was used for the facilitation of Payments and other administrative purposes under department number four and was given a contract of three years to construct the road and doing maintenance works on the same stretch from Masangano to Ndola. He said the company would be in Ndola for over 22 years having signed the Public Private Partnership (PPP) project with the Zambian Government.

He further informed the Council that before approaching or writing to the Council for land, AVIC had already approached Senior Chief Chiwala requesting for land and the Chief showed them the wetland area which was

largely falling in the boundaries of Ndola City Council. A small portion was in Masaiti District. However, the Company decided that they would only deal with the land which was falling in Ndola district and not in Masaiti and that once the land was acquired, Unipeak Construction Company LTD would get back to the Chief and finalize with the Chiefdom to show respect because the Chief initially identified the land which turned out to be in Ndola District.

Mr. Musonda further informed the Council that Unipeak Construction Company LTD was not going to engage in mining activities but was intending, once given the land, to construct Company regional offices, accommodation for staff, a concentrate plant, bitumen plant and a crusher. He said that the Company was going to make sure that all the necessary requirements which were needed to be done before the commencement of the project were done i.e. Project Environmental briefs with WARMA and ZEMA to give an environment impact assessment report.

Unipeak Construction Company LTD as a department of AVIC International Zambia LTD was only ready to trade in this particular request through barter system (not monetary exchange) once the agreement was done. The Company was offering to accept Council initial proposals to construct 15km all-weather gravel roads, asphalt surface stretch at Civic Centre, asphalt surface parking lot and two paved parking lots at Civic Centre. The proposed works and costings were tabled before the Council in the report.

Members deliberated on the matter at length, then Councillor Joseph Chanda proposed and duly seconded by Councillor James Banda, it was;

RECOMMENDED: that;

The decision to amend the hectares to 57 hectares and to amend name of Company from AVIC to Unipeak be made after management facilitates for Councillors to tour the site and thereafter a meeting at which the Council would make a decision be convened.

REVERTING BACK TO COUNCIL

On a proposal by Councillor Andronicus Pyoka K. Ngulube and duly seconded by Councillor Edgar Misenso, it was;

RESOLVED: that;

The Council in Committee do revert back to the sitting of the Special meeting of the Council and the recommendation made in the Committee of

the whole Council be received and ***adopted*** as part of the proceedings of the Council.

There being no other business to transact, the meeting ended at 17:15 hours and thereafter the National Anthem was sung followed by a closing prayer from Bishop Nelly Chikwanda

Signed in accordance with the Resolutions passed by the Special Meeting of the Council
